## "Loaded Gun"

I'm a grave digger  
I'm a thief stealing your bones  
(And all you say is forever, all you want is to stay together)  
You're an old liar  
History revisionist  
(And all you say is forever, all you want is to stay together)  
You're trying to be cool but you're falling asleep at the wheel  
And how do you think when your heart is the last place you feel?  
And every every every every time  
You're saying "Everything everything everything everything's fine".  
And I don't know why  
But this loaded gun is just what I've been waiting for  
And I don't know why  
But this loaded gun is just what I've been waiting for  
I'm a wanderer  
I'm a dreamer, dreaming away  
(And all you say is forever, all you want is to stay together)  
You're a long distance  
Memory I resuscitate  
(And all you say is forever, all you want is to stay together)  
You're trying to be cool but you're falling asleep at the wheel  
And how do you think when your heart is the last place you feel?  
And every every every every time  
You're saying "Everything everything everything everything's fine".  
And I don't know why  
But this loaded gun is just what I've been waiting for  
It's just what I've been waiting for.
