there will never be an ending  
but there's always change so all the things that your  
defending  
have been rearranged but it's so hard to talk to you  
you're never there with my adjusted way of thinking  
I shouldn't care

now I know that nothing lasts forever so long  
everything's going to be that much better  
now I know that nothing lasts forever everything's  
going to be that much better  
you're the one that should be saying sorry  
all you ever did was make me want to talk to you

these are moments I can't get over  
so how can you ever look over your shoulder  
and find something new or are you playing best  
defence  
with armour on you can only take the beatings  
don't prove me wrong

now I know that nothing lasts forever  
everything's going to be that much better  
you're the one that should be saying sorry  
all you ever did was make me want to talk to you  
why won't you talk to me

and that's why  
when we talk about the past  
I could sit with you for hours  
and that's why  
I say that we'll never be the same  
but I can't explain forever  
nothing ever stays the same  
feelings just get in the way  
every hour of every day  
when there's nothing more to say  
you can watch your colours fade  
but you can't sit still forever  
no you can't sit still

It's all over and been  
I'm not lesser within  
won't change anything  
so stop worrying
