I'm telling you, this is too good to be true  
When the most we have to do, is open windows  
So, just let your worries drown in a smile, lose that  
frown  
Yeah, we'll both still be around come the morning

When summer ends  
She just wants to be friends  
Her mind's mixed up

Got a year to go till next October  
To make sure the season's not over  
Get me straight and get me sober again

Are you joking? We've got almost everything  
You don't pay that bird to sing out the daytime  
And the sun sets on the beach, I could swear it's trying  
to reach  
With two golden hands as if to try and touch you

When summer ends  
She just wants to be friends  
Her mind's mixed up

Got a year to go till next October  
To make sure the season's not over  
Get me straight and get me sober again

Ba-ba-ba, ba-ba-ba

When summer ends  
She just wants to be friends  
Her mind's mixed up

Got a year to go till next October  
To make sure the season's not over  
Get me straight and get me sober again

Got a year to go till next October  
To make sure the season's not over  
Get me straight and get me sober again

Ba-ba-ba, ba-ba-ba
