"Trap Door"

Don't be too alarmed when you hear me raise my voice
I don't want to do it but you've left me with no choice
All around me situations that I can't escape
I'm helpless and I'm feeling that my actions come too
late

You, you...

I guess sometimes that I fight for all the trouble that I'm
in
But usually I'm certain that all my trash thrown in the
bin
Going over speed limits will make you see the light
There's no consideration for the fact you're still alive

oh, you

It's a trap [x 5]

Don't be too alarmed when you hear me raise my voice
I don't want to do it but you've left me with no choice
All around me situations that I can't escape
I'm helpless and I'm feeling that my actions come too
late

You, you...

Don't be too alarmed when you hear me raise my voice
I don't want to do it but you've left me with no choice
All around me situations that I can't escape
I'm helpless and I'm feeling that my actions come too
late

You, you...

It's a trap [x 10]
