I think that the worst is through
I'm almost over you
I guess it was just a matter of time
Oh yeah

I've started going out
How long can anybody go without
Before you start goin' out of your mind
Even so, I confess
There are times when my heart rules over my head

[Chorus]
Every now and then
I find myself wondering about you baby
Seems now and again
I can't escape the thought of all that might have been
Every now and then

Mornings the hardest time
I wake up dreamin' 'bout you and I
Some days I can't remember them all, oh no
Evenings are painful still

I can't help wondering if they always will be
I can't help noticing the emptiness, baby
I don't cry every night
Just the ones when I feel like I feel tonight
Yeah, yeah, yeah

(Repeat Chorus)

[Bridge]
When I'm alone anytime I hear music play
When I reach for the phone
Why does everything good
Make me think of you baby
Oh, baby
Hey yeah

Every now and then
I find myself wondering about you baby

Seems now and again
I can't escape the thought of all that might have been

Every now and then
I find myself wondering about you baby
Seems now and again
I can't escape the thought of all that might have been
Every now and then
