Please hear me out my friend
I've something to say that's from within
It's a last memory, try to think back
I'll help you seeÂ...

All of those nights we shared
All of those days you were there

I just wanna love you forevermore
And I wanna hold you just like before
And maybe someday, we might just find a way
And we can love forevermoreÂ...

If I could turn back time
I would have never let you go
And you would still be mine
But here I am crying all alone

All of the LOVE we shared
All of the TIME you were there

I just wanna love you forevermore
And I wanna hold you just like before
And maybe someday, we might just find a way
And we can love forevermoreÂ...

Oh I'm lost without you
Oh tell me what should I do,
Now that you're gone...
I can't go on alone
I'm a lonely man,
I need you againÂ...Â...

I just wanna love you forevermore
And I wanna hold you just like before
And maybe someday, we might just find a way
And we can love forevermoreÂ...

YeahÂ...
