Feat. Planet
[Virtuoso]
In my historical orical
I blast metaphorical
Add the torial educating
In my territorial get taunt
Heavinly arm with seventy bombs
That'll blast devine like a heavenly song
You better be gone
If they explore my people start
I beat hearts in 2 then ask demons for chalk
Im dreaming a stalk
MCees in the dark i walk
Blindfolded the mines golded
Watch how you talk
My styles is an art
Recognize lycially purity
All hell breaks loose like a mall with no security
The dope is vocaless
With my third eye i focus with
I proceed, flow with the speed of the indian motorist
There's more of this than wasted
Johnny change your bracleets
I hit tracks my toungue weigh
For the brains to blaze in
Amazin angelic, tell it to your people
[chorus 2X]
Illedelph is like the sun cuz we shine with rhymes
Underground is like the moon you only see us at times
At times with light skies when the stars recline
Jedi Minds out of space going side to combine
[Planet]
Raw poems, buried your body in catacombs
Rip your soul from your limbs
Like brims from Jip Jones
In the twightlite zone
We disburse cowards
Vampires that stalk earth
On reverse hours
Nite cause we talk a different song
My attitude is gone dawn sell my jaw

Leave me terror squads

You left breathing out of tubes
Straw by the markson, hornison
Tights for the marvolous and the charletin
Raps will make your paralax
My domain has power
To block shit out inside days
War shots fight of by the army type warlock
Double's Plan is to have you drip in the clorax
Beat to sleep with
