Tonight I'm drivin'
Heading south
Got no reason to turn around
I'm always running
It's in my blood
Can't say goodbye fast enough

Chorus:
I'll keep movin' 'till I get somewhere
Keep believin' there's something out there
I'll keep singin' till I find my song
I'll keep moving
Movin' on

People ask me
Why I'm so restless
Wastin' my time jumping fences
I keep hopin'
There'll be a place
A piece of heaven, until that day

Repeat chorus twice
