"Let Me Love You"

There's a full moon up tonight
There's a feeling of love when you touch me
And I hope I get this right
Hope that you can make sense out of something

REFRAIN 1

Help me make you see
What tonight could be

CHORUS

Let me love you from the bottom of my heart
Let me love you till all the stars surrender to the dark
And the words sometimes fail me, I just want to say
Nothing or no one's ever touched me this way
Let me love you from the bottom of my heart

I was thinking, it's too late
I was walking through life without living
Then you came and showed the way
And you gave me whole new beginning

REFRAIN 2

Baby, make this night
The first day of the rest of our lives
