2 a.m. and the rain is falling here we are the crossroads
once again you're telling me you're so confused you
can't make up your mind... is this meant to be... you; 're
asking me

Chorus:

But only love can say try again and walk away but I
believe

For you and me the sun will shine one day so I'll just
play my part and pray you'll have a change of heart but
I can make you see it through that
Something only love can do...

In you're arm as the dawn is breaking... face to face
and a thousand miles apart I've tried my best to make
you see there's hope beyond the pain if we give enough
if we learn to trust

Chorus:

But only love can say try again and walk away but I
believe

For you and me the sun will shine one day so I'll just
play my part and pray you'll have a change of heart but I
can make you see it through that
Something only love can do...

Oooooohhhhhh... yyyeeaaaahhhh... that something only
love can do...
