I know that times were hard
I know that you've been feelin' down
If you only knew how I'm feelin'
For you
If I could take your pain
I wish that I could wash it all away
If you only knew how i'm feelin'

Mommy I'm sorry if my first letter made you cry
To be honest with you I don't think that I wanna die
Sometimes I feel like that I'm cancerous in others lives
That's probably why I drink at night and sleep till 4 or 5
It's kinda hard walking through life with my distorted
eyes
When I was younger I was stupid and I thought I thrived
I thought a lot about everything I said in the letter
And questioned whether or not if I was dead you'd be
better
You think my shorty would be happy if I never met her
It's too late now mommy I could never forget her
Could never forget how she told me to love
Cuz my father and my grandmother is always above
It's glory above you know that daddy taught me to thug
And everytime we was with nanny she'd bombard me
with hugs (damn)
I MISS 'EM mommy and it's hard to believe
That I'm grown and I don't understand it - why did they
leave

(Better to die and sleep then never wake and sleep)
(Then linger on and dare to live when your souls life is
gone)

You've been runnin' around for so long
You've been hurting yourself too much
You keep messin' around with darkness
You're the one who's losin'
X2

Mommy I think Im'a that try to stick around a while
I got a niece and my nephews they need me around a

while
I think they need me cuz they hittin that age
And they ain't tryin to speak to Lenny cuz they spittin'
they rage
And mommy speakin of Lenny I think my brother need
me
And we Italian so you know my mother loved to feed
me
And it's the little things you do for me that make it
worth it
Like when I play a joint that we did and you say it's
perfect
And when Jay got knocked you knew that I was hurt
You told me put all of my heart in a song and it worked
I promised him I'd be there when he got out the bing
You ain't raised me to be a liar ma' that's not my thing
I told him that I'd hold him down the whole time that he
gone
They kept him locked in a cage but that's cool cuz he's
strong
So mommy keep that first letter I wrote you on the low
I think I wanna stay alive and see if I can grow

You've been runnin' around for so long
You've been hurting yourself too much
You keep messin' around with darkness
You're the one who's losing
X2

(you have power and money, but you are mortal, you
know you can not escape death, but immortality can be
obtained,

The legend is always the same, if others have
succeeded conquering death why must we accept it, I
know where

Immortals live and how to obtain their secret, we too
could become wisemen. The elements of chemistry are
many, but finite, so are the

Techniques of enlightenment..)

I know that times were hard
I know that you've been feelin' down
If you only knew how im feelin'
For you
If I could take your pain
I wish that I could wash it all away
If you only knew how i'm feelin'
