(Some guy)

If one does what God does enough times, he becomes
as God is

If you put it together, you get what you wanted

What you desired, if you do it enough times

He believes, you become one who is desired, and
wanted, and accepted

Because God has Power

And if one does what God does enough times, one will
become as God is

[Vinnie Paz]

Yeah Jedi Mind Baby

Yeah

Yeah we bringin you the hardcore, the real raw type
shit

You ain't never seen nothing before like this

Its all real, all ill, and all natural

We all kill, all still, an blast at you

I like blood, I like tasting ya flesh

I like slugs, I like David Keresh

I like anything that's related to death

I like any king that can reign with his fist

Now back to the topic at hand

Steadily Shine, Shine Steadily with my fam

Im the one who put the nail in the cross

I'm the one who told the world about an alien corpse

I'm the one who brought the truth to the light

If you listening to me you couldn't lose in a fight

Abusing the mic, with the force of five lions

Anybody f**kin with Paz can die trying
[Vinnie Paz]

I'm a caged lion, always dying to hurt you

Always a believer that my rhymings a virtue

You just a heathen, and you lie like the church do

I can't believe that Allah is a curse to

You too commercial, you still a disgrace

You like to sit around with women watching Will &
Grace

I can't over-stand your sweetness

You should try hire a therapist to beat this

Im being facetious, you should heat this

Im the one who hammered the first nail in Jesus

Im the definition of Toxic

Anyone who ever got close to me got sick
[Vinnie Paz]

We like heavy metal, listening to Sepultura

Remain calm, study as long, and read Torahs

You can't follow the paths of Mans Hill

You can't study the math and can't ill

You can't over-stand what I believe

You drown in an ocean of God and can't breath

It's like I've been involved with beef

Since the days of ??

I learn how to worship Allah

I learn how to rhyme, and I teach it to yall

Im speakin to yall

Its hardcore, real rap

Real Slugs, Real Clips and Real Gats

You real wack, and that's how I feel

And that's the reason that I got a reason to kill
Yeah.. fallow me daddy
