[Breath of Judah]

I'm on a killing spree

The Cantonese, torturing

Painting a picture, with a paintbrush

In water color of genies

Holding the key, vitality

It's all you need, if your a different being

It will be a different color, when you bleed

Accurately punctured from needles in you nervous system

Are like the seaman, not water soluble, because of the attributes of yin yang and do

When I cut you simultaneously, like \*whang\* killing you too quickly

If I were to bang, witness thee, I hang you in aqua

Sending electric shocks to open up all your chakkras

And when I do, all set plants will biochemically plant water beads on your brain

While putting salt water on open wounds to have you in pain

\*suf-suf-suffer chinese water torture, my word is water\*

[Ikon the Verbal Hologram]

Four score, the verbal hologram is verbal war

Chinese water torture into your molecular structure

Ancient scholars wondering where they've seen us

Babylon's hanging gardens and the temple of Artemis

The Hologram, crushing you to grains of sand

Lawnmower man, computer generated battles of the unseen hand

Internal bleeding, I bed my seeding with deadly arrows

Fly like sparrows, and get destroyed by the army of the pharaohs

Cyborg, divine borg to the womb

Alive you will see traveling loons from ???

The ancient palace, the ancient chalice

Mystical like Aurora Borealis

The palace of pain, y'all want get kicked up in flame

Half Abel, half Caine, get slain by the verbal flame

Bring forth the sights of Annunaki Elohim

Images of the 24 supreme

Ripping out your spleen  
Distributing gang green through out your team  
Lord of the rings brings deadly hologramic dreams

[Hook- Samples]

And my basement's an arrangement of different  
torture devices  
Suf-suf-suffer chines water torture, my word is water  
And my basement's an arrangement of different  
torture devices  
Suf-suf-suffer chines water torture, my word is water

[Breath of Judah]

You hear the pounding in your head  
When I hit the disc gong, the vibrations will start  
circulation  
Of gongs, the body's meridians and everything  
That has pores, even obsidians  
With the creek moisture, in this part of the torture  
I'll anoint ya  
With ??? pouring liquids and cleanse  
And you'll feel as if you were diving in the oceans  
And guard the bends  
The elements of the seeds  
To cure all disease  
Now tell me if you're unpleased  
I'll treat you like a dog and never wash off your fleas  
Have you waiting till I fill your bowels  
With a fish bowl full of frenzying and hungry sea  
monkeys  
Suffering have internal mange  
You'll have to consort to the king for change

[Ikon the Verbal Hologram]

Look in the mirror of souls, see exactly where your  
flaws be  
Leaving your squad dead on the side of the road like  
Ennis Cosby  
The Hologram, eliminating the Earth's population  
Matrix field basics of organic manipulation  
Ikon, dwell in the forest like the Ewoks  
We rot, for following the prophetic books of Ennox  
In the treetops, hang over your cipher like a ninja  
Within the perimeters of the disagreeable sinner

[Hook- Samples]

And my basements an arrangement of different torture  
devices  
Suffer chines water torture, my word is water  
And my basements an arrangement of different torture  
devices

Suf-suf-fer chines water torture, my word is water
