feat. Bahamadia, Esoteric, Virtuoso

[Ikon the Hologram]

You get split in fucking half  
The Ikon the Hologram wrath  
But I am the center inside the placenta of ?math?  
You clash with cyanide gas and die fast  
Rythmical equivalent of solids, liquids and gas  
We smash your science, with the power of Lord Titus  
But I am the virus inside of the iris of Cyrus  
Upon papyrus  
I kill snipers and body vipers  
And strangle you with the organs of writers who try to  
fight us  
Call me your highness  
And sift the blood from the phoenix  
Who's guilty like accusing the crucifixion of Jesus  
Murder the heathens  
And perishing the fatal cobras  
Word is bond, my rhymes form into a swarming locust  
Provoke us  
And face the Zodiac killers  
Five Samurai, do or die, fire spitters  
Heavy hitters, from the lands of Sudan  
?????? ?????? ?????? ?????? Ikon the Hologram  
What?

[Virtuoso]

All religions ??????  
My strikes are fatal, to your style  
That's infantile like prenatal  
Your mic's a child  
That's getting fucked by a wild pedophile  
????? ?????? ?????? ?????? ?????? ?????? pectoral  
So suck my genitals you punk bitch  
I'm the general  
???????? ?????? ?????????? ????? ??????????  
Leave you bloody like menstrual  
Cycle, my rap rifle blasts open any beat you throw  
Virtuoso flows like an ocean through an acapella dome

[Esoteric]

At a glance, yo my battle stance

Rattles camps, like an avalanche

Crabs don't have a chance

You're sick of this

Bet your cash advance

Grabbing a lance to try to joust

With the conquerer

Stompin the pawns is pottier

Onto the, crucifix

I'll chew your crews to bits, like Mueselix
