Im disgusted and dissatisfied
i dont need to fuckin advertise
ima thief i dont read the fuckin classifieds
I like beef, I dont chit chat and fratranize
with police pastors or rabbihs
Im on of the bad guys
i never appologize
i dont just walk around with rocks and pocket knives
when it comes to homicide im not occupied
murders like oxygen to carbon dioxide
i dont know alot about science and chemistry
my enemies take alot of time and energy
when im not shootin i get iron deficiency
and i dont wanna have the guys look at me differently
i would rather have a gun tha an apifany
cant really rely on tricks and wizardry
when i get irrational
better get pratical
