[Verse 1: Vinnie Paz]

God hates me, never keep my banger on safety
My mother raised me alone, you can't break me
My hearts pumpin' the blood of Royce Gracie
My thoughts dumpin the slug and point straightly
You rhyme fakely, you still scarred
I'm studying deep thoughts like Bill Maher
I'm real raw, we just dumbin' it out
And y'all ain't sayin' nuthin' with a gun in yo mouth
That's what I'm about, but Vinnie Paz go deeper
Y'all still under the spell of dose ether
The Grim Reaper, it's all nature
And every word from Allah is on paper
We all hate ya, we can't stand you
Chapter 8, verse 3, book of Daniel
You like a candle, you just burn
You never worship Allah, you can't learn

[Chorus: Stoupe]

[Verse 2: Goretex]

Chemical space ships, taste dust spliffs, hit from the
Matrix
Pig Destroyer, Anakis kiss, splatter your patriots
Make coast stops, injectin' my pockets with Botox
Latex bitches be chokin' on cock like Blow-Pops
My flows hot, my glocks like a popular friend
Sniffin Oxy-Cottin, we rock till the popular says
Merciful fate, we at the gates, I hurt you for cake
Cause Red Planets like a Shit Magnet, it counters with
Jake
Digital cuffs, runnin' from the D's and the fuzz
Gut you out, rock Gas Mask, bleedin an stuff
Into the void like blue velvet, goons and clerics
New synthetic designer jewels for moods in deserts
In heaven and earth, barcodes to measure my girth
Thats like the J.D.L. joinin' the Zulu Nation for turf
Birth of the solar, we did so, write for the cobra
Goretex readin we all stand with iced out cobra's

[Chorus: Stoupe]
