(V1:Vinnie Paz)

I am the annihilator put apocalyptic rhymes on paper
we can go toe to toe and see who's rhyme is greater
i don't think you wanna step inside the chamber
i don't think you wanna see inside the eyes of vader
couldn't comprehend the force that i bring
i'm like Rocky Marciano when he walk in the ring
a stork in the ring u cowards soundin soft when u sing
but i'm as angry as a motherfucker caught in the bing
it's awful to bang but i'm a warrior who standin tall
and i ain't stoppin like the arab and isreali war
ya'll some broke motherfuckers you can barely ball
im eatin my fam eatin cousin we can share it all
money the root of all evil i don't care at all
now me and Jus is back together we ain't scared at all
we bout to do it all over like its 99
the puerto rock the moreno and the itali-an....

(v2:Jus allah)

I'm the last stage black plagues mass graves
half the slaves aids cascades black parades
backpack strapped grenades braison acts of rage
accolades
may as well have rang the bell at the gates of hell
thats a Dave Chappelle you must hate yourselves
chasin your tails wastin debatin whales
read your mail been tracin your paper trails
i'm incredible, unforgettable, undetectable
impeccable, the inevitable
unprofessional, unscheduled rebel the Chevelle
unsettled, unlevelled
your a friend of a friend, im the beginnin and end
model citizen you just model the trends you just model
your friends
while my opposite twin, two parts hydrogen one
oxygen....

(v3: Vinnie Paz)

when i'm rhymin your jaw drop
making everyone of your thoughts stop
i'm god while ya'll wrestlin over pork chops
devil had ya'll thinkin we was there when the boy drop

I ain't gonna front i strapped with the doors locked
now I walk around this motherfucker with 4's ock
big enough to put a hole in the law ock
that ain't somethin that you wanna explore ock
unless you want the army come and kick in your door
ock
unless you wanna end up bloody and wet
fuck china's government and what they done to Tibet
we from Philly where the sun doesn't set
where the motherfuckers rob you with a gun to your
neck
where you shook motherfuckers wouldn't come to the
vet
where your Jordan's gettin sick when you step on the
set
where corrupt cops plant a fuckin gun in your vest
where we retaliate by puttin fuckin one in they chest....
