[Chorus 2X: sample]

"One two three

Let me you, if you ready for me, lord"

[Verse 1]

It's the infinite connect

Respect what you see as if you praise Donald Chief

And understand my plan is to prosper till deceased

And let my bank account increase until it over flows

In pathfinder jeeps, organized and blunt patrol

And never indulge in petty shit that's irrelevant

Thousand dollar shopping sprees just for the hell of it

Drinkin' daquiri's in the back of caravans

And finally got the chance to live my lifestyle advanced

And keep my mind clear of poisonous stunts and

beams

Be deep meditations, now I see where pagans dream

And do time, around and get mine

So I relax while you stress, try to follow the rest

Never the less, I finesse, teach moves like it's my last

speech

My thoughts on the future, cause it don't equal the past

Niggaz steady plotin', your every move we be watching

There's no room for error, once you slip, your forgotten

A never hasbeen, in a world of frame and fronters

Who had to learn the hard way, how disease can take

you under

[Chorus]

[Verse 2]

Mall master be coming at you, that nigga that curse

alot

Shit, I even reverse a rock, I be feedin' ya purse with

glocks

Rushin' against your garment, daily Hailey Comet, a

bomber

Punk, you wanna fuck wit funk, have you breathing out

ya armpit

My guns that weighs the joint, don't even hand a malla'

nina

Have niggaz tits and too-toos, and on point like

ballerinas

You can bring ya best to west, found dressed in some  
rugged shit

You blind, ridin' on my dick, don't know who you fuckin'  
with

(From Crooklyn to west side Phil, we keep it real)

So if you squeal on the reasons, for these heavens  
squeezin', the steel

Slow subliminal criminals strangle triggers that's  
identical

Mangle bitches that's fly, die with my dick inside ya  
genitals

(Sendin' you through shit you never thought of

The don who bust the sawed off

So recognize, I squeeze and then ya life lost)

[Chorus]

[Verse 3]

My raw essence is forever present

But my team be chasing dreams of cream and digits in  
the seven

The heavens, see my body is soul and ever presence

My verbal tecture will bless you with scientific lessons

On another plane, it's hard to maintain

'cause my membrane, causes strain within my inner  
frame

The pain, from my people that be involuntary

You in this game for this love, dunn, or monetary

Forever keepin' the spirit, so like Elijah

My verbal fire, will resurrect you like the great Messiah

Desire, is like the law of the siren song

Arm Leg Leg Arm, my word is bond, so I move on

And stay strong like Egyptian Kings

Rockin' diamond rings and things that it bring

I spread the science, to all the planets, I'm hard as  
granite

You need the knowledge of God, dunn, to understand  
it

[Chorus]
