When I first met you
I knew you would be mine
I had to get you
Before you left my side

And I can't help, help myself
I'll do what I must do to keep
You close
And I can't help
You got me running in circles
Yea

I wanna be the love that you call home
I wanna be the first one on your phone
Every bodies laughing but your my only one
I wanna be the love that's in your arm
I wanna be the light that's never far away
Your my only way, yea

Cards on the table
The dinner took me out
No longer able
I'm focused on you now

And I can't help, help myself
I'll do what I must do to keep
You close
And I can't help
You got me running in circles
Yea

I wanna be the love that you call home
I wanna be the first one on your phone
Every bodies laughing but your my only one
I wanna be the love that's in your arm
I wanna be the light that's never far away
Your my only way

I'm so glad that your with me
I lost my mind over you oh
I burned the lies of a cites to be with you

I wanna be the love that you call home
I wanna be the first one on your phone
Every bodies laughing but your my only one
I wanna be the love that's in your arm
I wanna be the light that's never far away
Your my only way

I wanna be the love that you call home
I wanna be the first one on your phone
Every bodies laughing but your my only one
I wanna be the love that's in your arm
I wanna be the light that's never far away
Your my only way

Your my only way yea
Your my only way
I wanna be your love
