It's like a shot through the heart,  
Like a light in the dark,  
That morning when you left me in my bed

And when you walked out the door,  
You said I wouldn't see you anymore,  
And I thought you were joking,  
Now I can't close what you've opened

Gone crazy,  
It's like I've left it too late,  
One wish to have one chance to say

What if I told you that I can't forget you?  
Nothing I can do will ever get you out of my head,  
Cause I remember everything you said.  
And I'm sorry that I can't forget you,  
Sometimes I wish I never met you,  
Doesn't matter what I do,  
I'm trying but I can't forget you

If I saw you again,  
Would you wanna just be friends?  
Cause I know I won't feel like this again,  
And would you wanna hear me out?  
What would we even talk about?  
Well I'd start with, "I'm sorry, and I wish you'd never left  
me"

Can't stop this,  
I don't think I'll be saved,  
One wish to have one chance to say

What if I told you that I can't forget you?  
Nothing I can do will ever get you out of my head,  
Cause I remember everything you said.  
And I'm sorry that I can't forget you,  
Sometimes I wish I never met you,  
Doesn't matter what I do,  
I'm trying but I can't forget you

Gone crazy,

It's like I've left it too late,  
One wish to have one chance to say

What if I told you that I can't forget you?  
Nothing I can do will ever get you out of my head,  
Cause I remember everything you said.  
And I'm sorry that I can't forget you,  
Sometimes I wish I never met you,  
Doesn't matter what I do,  
I'm trying but I can't forget you

What if I told you that I can't forget you?  
Nothing I can do will ever get you out of my head,  
Girl, I remember everything you said
