[Get up and dance  
You got my system overloading right now  
I think this audition is over right now]

As I look around the club  
I'm stuck at what's across from me  
When I see her potential cause I'm taking what she's  
offering  
Take one, rotate  
What you wanna do?  
Shake that body take over the room

Get up and dance  
Wish you can see what I'm recording right now  
Turn it up louder  
Ain't no way I could sugar coat it right now

Get up and dance  
You got my system overloading right now  
I think this audition is over right now

Oh oh oh oh oh oh oh oh  
Oh oh oh oh oh oh oh oh

Get up and dance  
You got my system overloading right now  
I think this audition is over right now

The way you ripping up the floor like you rehearse the  
moves  
I think I wanna go where only you can take me to  
Most focus on everybody else but you  
When you walk in the room

Get up and dance  
Wish you can see what I'm recording right now  
Turn it up louder  
Ain't no way I could sugar coat it right now

Get up and dance  
You got my system overloading right now  
I think this audition is over right now

Oh oh oh oh oh oh oh oh  
Oh oh oh oh oh oh oh oh

Get up and dance  
You got my system overloading right now  
I think this audition is over right now

Rock your body  
Rock your body  
Rock-rock your body on the dance floor  
Rock the camera like a superstar

Get up and dance  
Wish you can see what I'm recording right now  
Turn it up louder  
Ain't no way I could sugar coat it right now

Get up and dance  
You got my system overloading right now  
I think this audition is over right now

Get up and dance  
Oh oh oh oh oh oh oh oh  
Oh oh oh oh oh oh oh oh

Get up and dance  
You got my system overloading right now  
I think this audition is over right now

Get up and dance  
Wish you can see what I'm recording right now  
Turn it up louder  
Ain't no way I could sugar coat it right now

Get up and dance  
You got my system overloading right now  
I think this audition is over right now

Get up and dance  
You got my system overloading right now  
I think this audition is over right now

Oh oh oh oh oh oh oh oh  
Oh oh oh oh oh oh oh oh
