We're off to Poland, let's get up, let's go
The boys in green will put on their best show
Robbie Keane will score, maybe three or four
Then we'll lift the cup, oh yes we think so

Ohâ€¦ support the boys in green
Ohâ€¦ shout for Given, Duff and Keane
Ohâ€¦ we'll face Italy and Spain, head first
Ireland, let me tell you how it works, hey!

We put the green cape on, hey Poland, here we come
We put the green cape on, hey Poland, here we come
Let's show our colours, colours, green, green, green
Let's show our colours, colours, green, green, green

Ireland! Ireland!

We'll fly the flag so the world can see
That Ireland's back and you must agree
Forget the bank bailout, let's hear the Irish shout
We're even ready to forgive Thierry Henry

Ohâ€¦ support the boys in green
Ohâ€¦ shout for Given, Duff and Keane
Ohâ€¦ we'll face Italy and Spain, head first
Ireland, let me tell you how it works, hey!

We put the green cape on, hey Poland, here we come
We put the green cape on, hey Poland, here we come
Let's show our colours, colours, green, green, green
Let's show our colours, colours, green, green, green

We put the green cape on, hey Poland, here we come
We put the green cape on, hey Poland, here we come
Let's show our colours, colours, green, green, green
Let's show our colours, colours, green

The boys in green, they wanna play (play, play)
It's time for us to have our day (day, day)
Remember when we sang (Hey!) (Hey!, Hey!)
And with a bit of lady luck what Given lift the cup, hey!

We put the green cape on, hey Poland, here we come
We put the green cape on, hey Poland, here we come
Let's show our colours, colours, green, green, green
Let's show our colours, colours, green, green, green

We put the green cape on, hey Poland, here we come
We put the green cape on, hey Poland, here we come
Let's show our colours, colours, green, green, green
Let's show our colours, colours, green, green, green

Here we come, here we come
We've got Europe on the run
Here we come, here we come
We've got Europe on the run

It's our song, it's our song
And the boys won't do us wrong
It's our song, it's our song
Come on Ireland

Hey!
Hey!

We put the green cape on, hey Poland, here we come
We put the green cape on, hey Poland, here we come
Let's show our colours, colours, green, green, green
Let's show our colours, colours, green, green, green

We put the green cape on, hey Poland, here we come
We put the green cape on, hey Poland, here we come
Let's show our colours, colours, green, green, green
Let's show our colours, colours, green, green, green

Submitter's comments:

This is a version of "Lipstick" created especially for Euro 2012 to support Ireland!
