

## Cambio "Ledgeboy"

Never felt this sudden urge  
This wonderful feeling  
Never felt my heart burning  
Burning sensation

You can just take me away  
And I won't let go

Baby, you're so beautiful  
Beautiful tonight  
No one has ever made me feel  
This way before

You can just take me away

And I won't let go

Oh, I wanna go dancing  
Dancing with you

Never felt so excited  
Under pressure  
Darling, yeah, the mood  
The tunes

Hope this won't be the last dance  
Hope this won't be the last chance  
I wanna get some more
