Well I've been searching uphill down and around and  
round  
Lifes lonely highway  
Just traveling round, nothing to be found  
Now I know, yes I know that leaving you was wrong  
So I'm coming on home, won't be long  
Now If I bring you back the love I had  
Would you see it through  
Well I've been searching uphill down and around and  
round  
Lifes lonely highway  
Just traveling round, nothing to be found  
Now I know, yes I know that leaving you was wrong  
So I'm coming on home baby, won't be long  
If I bring you back the love I had  
Would you see it through
