Hope when your wandering by  
Where the next lies gonna come  
Oooo ooo ooo  
When you want to know  
Where the next place to run  
Oooo ooo ooo

Love will answer your question  
Sure enough if you want it to  
It's gonna change your direction  
And the truth

Hope when you worry about  
What tomorrow's gonna bring  
Oooo ooo ooo  
When you walk away  
Every little thing  
Oooo ooo ooo

Love will answer your question  
Sure enough if you want it to  
It's gonna change your direction  
And the truth

Hope when you think about  
Your place in the sun  
Oooo ooo ooo  
When you think of  
Someone's gonna come  
Oooo ooo ooo

Love will answer your question  
Sure enough if you want it to  
It's gonna change your direction  
And the truth  
Love  
Love  
Ahhhhh
