Hey baby, I guess you're wondering
What I'm doing home so soon, no I ain't sick it's just
This morning when you told me
You didn't feel like you were the most important thing
in my life

And you know what that broke my heart
So I had to turn around and come back
And tell you what I'm gonna do about it

I'm gonna light the bedroom candles
Take the phone out of the wall
We'll lay around and talk for hours
Or maybe we won't talk at all

I'm gonna resurrect the love
That slipped away from us
And the man you've been missin'
Startin' with some long, slow kisses

I just wanna let you know how ashamed I am
For making you feel that way, darling, I'm so sorry
I guess I've just been spending too much time on
making a living
And way too little on making love

But if you can find it in your heart to forgive me
Girl, I swear from this moment on
You'll always know where you stand with me

I'm gonna light the bedroom candles
Take the phone out of the wall
We'll lay around and talk for hours
Or maybe we won't talk at all

I'm gonna resurrect the love
That slipped away from us
And the man you've been missin'
And I'm startin' with some long, slow kisses

'Cause what really matters most
Is you and me this close feeling no distance

Sharing some long, slow kisses
Sharing some long, slow kisses
