We can shoot a rocket to outer space
Sending out signals from the human race
We can blow the spot up in the hole
Stick a round if you really wanna see a show whoa
(Still got a lot to learn)
(Got no time to burn)
Ain't got the time to burn
(Still got a lot to learn)
Still got a lot to learn
(Got no time to burn)
Ain't got no time to burn

It's gonna fade it's gonna fade it's gonna fade

We believe that what we think is right
Disagree and your only gonna get in a fight
We can teach this universe about hate
Suffering is our only refrain whoa
(Still got a lot to learn)
Still got a lot to learn
(Got no time to burn)
Ain't got no time to burn
(Still got a lot to learn)
Still got a lot to learn
Ain't got no time to burn
(Got no time to burn)

It's gonna fade it's gonna fade it's gonna fade

Love is the key
We don't care about reality

Whoa still got a lot to learn
(Still got a lot to learn)
Ain't got no time to burn
(Got no time to burn)
Still got a lot to learn
(Still got a lot to learn)
Ain't got no time to burn
(Got no time to burn)
Still got a lot to learn

(Still got a lot to learn)
Ain't got no time to burn
(Got no time to burn)
Still got a lot to learn
(Still got a lot to learn)
Ain't got no time to burn
(Got no time to burn)

It's gonna fade it's gonna fade it's gonna fade

Let's love today
Let's love today
Let's love today
Let's love today
Let's love
