(Jeff Bates/Byron Hill)

I used to be lost
Couldn't find my way
Too scared to stand still or run
But I was found
When I heard you say
What I needed to hear for so long

Your lovin' talks to me
Your lovin' walks with me
Your eyes are all I see
Your sweet words follow me
Your lovin' leads the way
It's with me every day
It gives me all I need
It always comforts me
Your lovin' talks to me

The world was silent
Withholding words
I was desperately needing to hear
Echoes of lonely
Rang on and on
'Til you whispered soft in my ear

Your lovin' talks to me
Your lovin' walks with me
Your eyes are all I see
Your sweet words follow me
Your lovin' leads the way
It's with me every day
It gives me all I need
It always comforts me
Your lovin' talks to me

Even after we make love
And drift off to sleep
Even in my dreams

Your lovin' talks to me
Your lovin' walks with me

Your eyes are all I see
Your sweet words follow me
Your lovin' leads the way
It's with me every day
It gives me all I need
It always comforts me
Your lovin' talks to me

Your lovin' talks to me

Ah, talk to me...
