My friends tried to tell me but they were too late yeah  
What a fool I was to fall for your bait yeah  
You drive me crazy kiss me baby don't mean maybe  
Double talkin' baby please make up your mind

Oh-oh-oh-oh first you said you would if you just could  
yeah  
Then you said you could if you just would yeah  
You drive me crazy kiss me baby don't mean maybe  
Double talkin' baby please make up your mind

Now you said you would if you still could yeah  
And that you probably will if I keep still yeah  
You drive me crazy kiss me baby don't mean maybe  
Double talkin' baby please make up your mind

My friends tried to tell me but they were too late yeah  
What a fool I was to fall for your bait yeah  
You drive me crazy kiss me baby don't mean maybe  
Double talkin' baby please make up your mind

Oh-oh-oh-oh first you said you would if you just could  
yeah  
Then you said you could if you just would yeah  
You drive me crazy kiss me baby don't mean maybe  
Double talkin' baby please make up your mind  
Yeah
