Pre-amp pro sound performance  
Groove tube  
Killer caps  
Pure Strat Cat  
Patch in  
Dangerous distortion  
Serious sustain

Slinky, super slinky  
Boomers double ball ends  
It'll faze, it'll flange, it'll fuzz  
It's fast it's flexible  
Just feel those frets

A simulated cone filter  
For stereoizing a mono source  
It's got scaled down Strat style body  
With a feel of a Les Paul

Deep cutaways and no pick guard  
And a couple of humbuckers  
Full shred

Stiff neck brass nut and an ebony finger board  
Ball's Deluxe
