Jody these are the reasons why  
The backyard we played in won't let a child die  
Umm Jody these are the reasons why  
The schoolyard we laughed in won't let us pass it by

Ohhh I was so sad when you fell of the wall  
You was so glad cause you laughed at us all  
We could be almost anything that we wanna be  
Me away and you away coming in from the sea  
Sometimes I was a mountain or a seagull by the shore  
Thank god my memory will live for ever more

Jody our sun is going down today  
But Jody today's when I feel  
You know our sun I said he he's going down today  
Jody the days not real no no no

Oooo I was so sad when you fell of the wall  
You was so glad cause you laughed at us all  
We could be almost anything that we wanna be  
Me way and you away coming in from the sea  
Sometimes I was a mountain or a seagull by the shore  
Thank god my memory will live for ever more
