Adrian Belew
Op Zop Too Wah
All Her Love Is Mine
She carries me
Through days of apathy
When i am a desert
She washes over me
And it gives me peace
To know she accepts me
Even in my folly

If the spotlight falls from my face
Or when i lose my grace
Oh well...

All her love is mine
Until the end of time
Even if the sun won't shine
Or the money runs dry
All her love is mine
Until the end of time,
Whatever happens then

She saved my life
In a manner of speaking
When she gave me back
The power to believe
The rest of lifes' changes
I might dread to weather
Except that i know
She and i will go together

All her love is mine
Until the end of time
Even if the sun won't shine
Or the money runs dry
All her love is mine
Until the end of time,
Whatever happens then
