Open up my eyes  
I see a quarter of life  
Didn't want to go but when I get there I smile yeah  
Never wanted to be a perfect child no  
So I'll experiance a little rough, a little mild  
Open up my mind and my love will get loud  
A little louder  
Hear my soulful notion  
Of mine is overflowing through, oh oh ooh  
The musicians are all knowing  
They watch the oracle floating away  
What can I say, Yeah!  
This is how I am  
This is all I'll be  
So understand  
There's no other me  
Go take your stand  
[?]  
There's no other me  
Open up my life, you fall in so sweetly now  
Try to cut the trip and it doubled inside  
If I forget, it lifts and confuses my mind  
So I stay just a couple lifts longer  
Here comes the heat not released now  
Sometimes I stop, about to breathe now, ooh  
Don't stop the sweat, breathe it in now  
Can't let the song get defeated now!  
Don't stop the sound of the beat yeah!  
I can't think, I won't think, I'm feeling  
It's your fault  
You've not got me breathing ow ow OW!  
Got me breathing out OW Yeah yeah yeah yeah!
