Throw my ticket out the window, throw my suitcase out
there too
Throw my troubles out the door, I don't need them
anymore
Tonight I'll be staying here with you girl
I should of left this town this morning
But it was more than I could do, yes it was
Your love comes on so strong, I knew it won't be long
Tonight I'll be staying here with you girl
Is there any wonder
The love that a stranger might receive
You cast your spell and I went under
I find it so difficult to leave
I can hear that whistle blowin
See the station master too
See the poor boy on the street
I let him have my seat
Tonight I'll be staying here with you girl
Throw my ticket out the window, throw my suitcase out
there too
Throw my troubles out the door, I don't need them
anymore
Let me tell ya now
Tonight I'll be staying here with you
Tonight I'll be staying here with you
Tonight, tonight, night, night, night, night, night
I'll be staying here with you
Tonight I'll be staying here with you
