Woman love hey hey hey woman love hey hey hey
Woman love hey hey hey woman love hey hey hey

Well I went to my good doctor not so long ago
A-walkin' in a circle and moanin' low
He looked at me and said good lord above son
You need a vaccination of a-woman love

Well I'm lookin' for a woman with a one track mind
A huggin' and a kissin' and a smoochin' all the time
I'd build her a castle to the moon up above
I sure am a needin' me some woman love
Let's Rock

We'll I'm lookin' for a lovin' gal that needs a lot of care
Not worried about her figure or the color of her hair
The doctor really scared me when he said good lord
above son
You sure am a-needin' you some woman love

Well I'm tired of walkin' circles tired of moanin' low
I want my baby with me everywhere I go
I want my lovin' baby to call me turtle dove
I sure am a-needin' me some woman love
Come again

Well I'm tired of walkin' circles tired of moanin' low
I want my baby with me everywhere I go
I want my lovin' baby to call me turtle dove
I sure am a-needin' me some woman love

Woman love hey hey hey woman love hey hey hey
Woman love hey hey hey woman love hey hey hey
Woman love hey hey hey
