Throw my ticket out the window, throw my suitcase out  
there too

Throw my troubles out the door, I don't need them  
anymore

Tonight I'll be staying here with you girl

I should have left this town this morning  
But it was more than I could do, yes it was  
Your love comes on so strong, I knew it won't be long  
Tonight I'll be staying here with you girl

Is there any wonder  
The love that a stranger might receive  
You cast your spell and I went under  
I find it so difficult to leave  
I can hear that whistle blowin  
See the station master too  
See the poor boy on the street  
I let him have my seat  
Tonight I'll be staying here with you girl

Throw my ticket out the window, throw my suitcase out  
there too

Throw my troubles out the door, I don't need them  
anymore

Let me tell ya now

Tonight I'll be staying here with you

Tonight I'll be staying here with you

Tonight, tonight, night, night, night, night, night

I'll be staying here with you

Tonight I'll be staying here with you
