You see,
I can't describe the feelings tangled up with me
my body and soul and even every heartbeat
concentrated real hard like a final,
got me stuck on this love like a needle on a vinyl

You can be my life,
you can be my world,
only difference is, is that you with different kind of girls
Chill, nod your head, close your eyes and relax,
and kick back to the beat and let your rhythm react, ha

Let me tell you about this girl that I know,
She loves hip hop and rock 'n roll
And that's cool with me, she's so unique but
I'm just really tryna keep it real,
Forget about the world girl,
how do you feel about anything,
just talk to me love

It really doesn't matter who you are,
it doesn't matter if you sing or play guitar
If you a superstar, fancy car, really big house
I just wanna know what you really about
Cause your beauty in your eyes girl,
makes me realize girl,

The only thing important is I have you in my life girl
Careless about material things,
cause you and your love is all that matters to me
(x2)

And I can't even find the words to say,
P.S. I think about it everyday
You as my wife,
Yes my whole life
We just need to slow it down,
Just gotta live it up and enjoy it now
Each day and night, you by my side love

It really doesn't matter who you are,
It doesn't matter if you sing or play guitar

If you a superstar, fancy car, really big house,
I just wanna know what you're really about
Cause your beauty in your eyes girl,
makes me realize girl,
The only thing important is I have you in my life girl
Careless about material things,
cause you and your love is all that matters to me
Careless about material things,
cause you and your love is all that matters to me
(x4)
