While this town is busy sleeping  
All the noise has died away  
I walk the streets to stop my weeping  
But she'll never change her ways

Don't fool yourself  
She was heartache from the moment that you met her  
My heart feels so still  
As i try to find the will to forget her somehow  
Oh i think i've forgotten her now

Her love is a rose dead and dying  
Dropping her petals and man i know  
All full of wine the world before her  
But sober with no place to go

Don't fool yourself  
She was heartache from the moment that you met her  
My heart is frozen still  
As i try to find the will to forget her somehow  
She's somewhere out there now

Oh my tears fall down as i tried to forget  
The love was a joke from the day that we met  
All of the words all of her men  
All of my pain when i think back to when  
Remember her hair as it shone in the sun  
It was there on the bed when i knew what she'd done  
Tell yourself over and over you wont ever need her  
again

Don't fool yourself  
She was heartache from the moment that you met her  
Oh my heart is frozen still  
As i try to find the will to forget her somehow  
She's out there somewhere now

Oh  
She was heartache from the day that i first met her  
My heart is frozen still  
As i try to find the will to forget you somehow  
Cause i know you're somewhere out there right now
