If the sun should tumble from the sky  
If the see should suddenly run dry  
If you love me, really love me  
Let it happen darling, I don't care

Shall I catch a shooting star  
Shall I bring it where you are  
If you want me to, I will.  
You can set me any task  
I'll do anything you ask  
If you'll only love me still

When at last, our life on earth is through  
I will spend eternity with you  
If you love me, really love me  
Let it happen darling, I won't care
