Would you like to meet the villain somewhere  
Underneath the skull of a moon  
Fire burned his eyes out  
'Cause his chains are too long for you

Someone has to pay for the damage done  
No one's gonna love you now  
Your whole family's splintered  
You're a slave to it all, now

Ooo ahh  
You're a slave to it all, now  
You're a slave

Welcome down to paradise rock  
There is no single entrance  
With the stars to revolve around  
There is no real underground

No stars to revolve around  
Here, they're fashioning the noose  
Sickened by the knell of the graveyard bell  
Know it's not long for you

Sick of all the vomit childhood  
Not a trampoline for the freaks  
Not even a slave to your father  
You're a slave to it all, now  
Oh, you're a slave to it all, now

Welcome down to paradise rock  
There is no single entrance  
There's no stars to revolve around  
There is no real underground

There is no single entrance  
With the stars to revolve around  
There is no real underground

Slave  
Slave  
You're a slave to it all, now

Happy, happy, happy, happy  
Happy, happy, happy, happy  
Happy, happy, happy
