(Traditional)

Come on you white people clap !

Oh, the white man trouble
Oh god I love you, child
I'm gonna give you some of my special sauce girl
Aaahhh...

Well, my maid up and left me
My butler up and left me too
And my poolcleaner ain't been here
For a week or two
I got the white man trouble
Whitee, whitee, white white man trouble bring me down
I had me all white man trouble
Since my stocks went down

White, whitey, white man trouble
"Goodbye , everything's ok"
