Through the yard
Through the yard of blonde girls
Through the river and the sea
Gold sharks glittering
A tree of white
Breaks the earth
The streets where Lola played

Very sexy, very sexy, okay, okay

Fear, we may come [x4]
So run, run, run, run, run, run, run.

It's in your heart
It's in your art, your beauty
Even in this world of lies
There's purity
You've got innocence
In your eyes
Even in this world of lies
You're still hopeful
Very sexy, okay, okay

Fear, we may come [x4]
So run, run, run, run, run, run, run

Through the yard
Through the yard of blonde girls
Through the river and the sea
Gold sharks glittering
A tree of white
Breaks the earth
The streets where Lola played

Very sexy, very sexy, okay, okay

Fear, we may come [x4]
So run, run, run, run, run, run, run.
