When you hurt, I hurt to
What matters to me, matters to you
It seems we always feel the same, about what really
counts
What could be as strong, as the love that we have now

(Chorus)
Were as one as two can get,
Were as close as close can be,
Without you in my life id be incomplete,
When you're lying in my arms,
It's like were drawing the same breath,
Me and you were as one as two can get

When you smile, I feel joy
When we sit and talk, it's like one voice
I still feel you with me, whenever were apart
With each and every beat, your here in my heart

(Chorus)
Were as one as two can get,
Were as close as close can be,
Without you in my life id be incomplete,
When you're lying in my arms, It's like were drawing
the same breath,
Me and you were as one as two can get

When your lying in my arms,
its like were drawing the same breath
Me and you were as one as two can get

Me and you were as one as two can get
