

Jeff Carson "Definite Possibilities"

Visit "[Definite Possibilities](#)" on MotoLyrics.com

My eyes bugged out when she walked into the club
I said, "Lord have mercy, I think I'm in love"
She's just gotta be the finest thing I ever seen
Lookin' like something from the cover of a magazine
Guess I'm gonna have to try my luck

She's got definite possibilities maybe if I got down on
my knees
And I beg her, pretty please she'd come out and dance
with me
If she does and there's a chance that we might find
some fine romance
I don't know but I know she's got definite possibilities

Lookin' around I can see I ain't alone
Every cowboy here would just love to take her home
My mind's workin' overtime, tryin' to come up with a
line
Somethin' that she hasn't heard at least a half a million
times
Anything to make that girl my own

She's got definite possibilities maybe if I got down on
my knees
And I beg her, pretty please she'd come out and dance
with me
If she does and there's a chance that we might find
some fine romance
I don't know but I know she's got definite possibilities

She's shootin' everybody down playin' hard to get
Still I gotta take my shot 'cause, buddy, you can bet

She's got definite possibilities maybe if I got down on
my knees
And I beg her, pretty please she'd come out and dance
with me
If she does and there's a chance that we might find
some fine romance
I don't know but I know she's got definite possibilities

I know there ain't no guarantees

But there is definite possibilities
