We come to your throne with weeping  
We come to your throne with sorrow and shame  
We come to your throne with weeping  
We come

We come to your throne with mourning  
We come to your throne with desperate hearts  
We come to your throne with mourning  
We come

We come to you  
We cry out for mercy  
And we turn from our sins  
We come to you  
Humble and broken  
We fall on our knees  
We come to you  
We come

We come to your throne forgiven  
We come to your throne by the blood of the Lamb  
We come to your throne forgiven  
We come

We come to you  
We thank you for mercy  
And the freedom to live

We come to you  
Singing and shouting  
We come to you  
We come
