I'll give you an idea of what kind of family mine is
This is a true story
About 9 or 10 months ago I did somethin I had always
wanted to do
I cashed in all my frequent flyer miles
I took everybody in my family to Hawaii, 13 people
Thinkin this would be the vacation of a lifetime
It ended up bein the Clampetts go to Maui!

Cuz you get my family together and there is an empty
K-mart somewhere!
They showed up at the airport they were usin coolers
and grocery bags for luggage
The sky cap was like "which ones yours? the
samsonite?"
They were like, "no we got the igloo with the duct tape
on it and the 5 piggly wiggly bags right there!"

At the ticket counter I asked my mother, i said "mom
would you like to sit next to the window?"
She goes "oh i better not, i just had my hair fixed."
And on the plane, the movie they were showin on the
plane was Homeward Bound The Incredible Journey
5 minutes into this movie my brother turns to me and
goes, "You know that ain't them dogs real voice!"
My sister got mad, "well thanks for spoilin it for
everybody else!"

And we were stayin right on the beach, in fact the
whales were migrating through
You could stand on the balcony and watch whales
come up out of the water
First morning there, my brothers out there goin "man i
wish i had a gun with a scope on it!"
"How much does it cost to mount a whale?! ANYBODY
KNOW?!"
I'd have to get a bigger trailer i'll tell ya that!

And you could tell which rooms were ours
Ours were the ones with the underwear hangin off the
rail!

According to the manager, the sight of the only peeing
for distance contest they had ever had!
Which I am ashamed to say my Aunt Rose won in the
second round!
We are a classy bunch!

My uncle Doug kept askin, "When we gonna convert our
money to Hawaiiin money?"
This is the same uncle Doug, we went to a luau and you
know how they always ask people to volunteer to hula
dance?
Ol' Doug volunteered.
Halfway through the dance we all realize Doug's not
wearin any underwear underneath his hula skirt!
We asked him about it later and he goes, "well when i
went to put my skirt on i noticed i had a hole in my
drawers and I didnt wanna embarrass myself!"
Dang Doug, you thought this out!

And there's my family, I love em, they're good people...
They just dont get out much!
Mainly because of that "no shirt no shoes" rule

They love that hotel though
God, they stole everything from that place
They stole the ashtrays while we were checkin in!
Didnt even dump the sand out of em! Just picked em up
and walked out!
Stole everything, I mean you get outta the shower and
your dryin off with toilet paper cuz teh ahve teh towels
in teh piggly wiggly bags
And one day one of the maids made the mistake of
goin to lunch and leavin her cart out in the hall...
They were on that like a pack of dogs on a 3 legged
cat! Picked it clean!
I asked my brother later i said, "what are you gonan do
with 180 shower caps?!"
He said, "Christmas presents!"
Then his wife got mad, "well thanks for spoilin it for
everybody else!"
