Modest to the to
Modest at the top

Straight to the top
And then keep on headin' up
Stars shine for why
We should give a fuck
About what is real
And how real is still
The only way for us
To feel the pain it's
Sometimes deals
In a way that survives
The struggles we face
In this life there's a lot
Time can't erase

Showcase
The skills you were
Given at birth
Live your life here
For what it's worth
Show all the
Style you perfect in life
Show all the way
To make it right

Make it
To the top of Mt.Profession
Rule it
'til you feel there's nothing more
For you to do
Or say
None of you better get in my way
Comin' down
If you do you'll be back on level ground

Modest to the top
Modest at the top

Features that keep your head up high
I am a star that shines for why

We should give a thought to our life
In the way we live both day and night
We are the world's numerous cells
Let's keep it laughter to save ourselves
In a way that can read our planet's face
In this life there's a not time can't erase

Showcase
The skills you were
Given at birth
Live your life here
For what it's worth

Show all the
Style you perfect in life
Show all the way
To make it right

Make it
To the top of Mt.Profession
Rule it
'til you feel there's nothing more
For you to do
Or say
None of you better get in my way
Comin' down
If you do you'll be back on level ground

Modest to the top
Modest at the top
Still modest past the top

If you're tired or thirsty at the top
Sleep or drink fast to receive the pop
In a way that stands out for the crowd
In this game there's a lot they won't allow
In a way that survives the struggles we face
In this life there's a not time can't erase

Showcase
The skills you were
Given at birth
Live your life here
For what it's worth
Show all the
Style you perfect in life
Show all the way
To make it right

Make it
To the top of Mt.Profession

Rule it
'til you feel there's nothing more
For you to do
Or say
None of you better get in my way
Comin' down
If you do you'll be back on level ground

Race to the top then keep heading up
From life ----
From boos and chants of disrespect I am a son with an
online neck

Modest past the top (past the top)
