I am a dying breed  
Don't wanna mess with me.

I am a dying breed  
laying it all on the line  
don't wanna mess with me  
at any place or time.

We are a dying breed  
laying it all on the line  
don't wanna mess with me  
Similar creatures time.

I've been alone all the long  
not til I wrote this down.  
They're by my side as I write  
the words that make me real.

And anyone who relates  
the symptoms hit me well.  
They're by my side as I know  
together we prevail

I am a dying breed  
laying it all on the line  
don't wanna mess with me  
at any place or time

We are a dying breed  
laying it all on the line  
Don't wanna mess with me.  
Similar creatures time.

I've been alive all the long  
until I see right through  
they're by my side as a tide  
memories that live for you

And anyone who relates  
the symptoms hit me strong  
they're by my side as I know

Our bond is ever long

I am a dying breed  
laying it all on the line  
don't wanna mess with me  
at any place or time

We are a dying breed  
laying it all on the line  
don't wanna mess with me  
similar creatures time.

I am a dying breed

Don't wanna mess with me.

I am a dying breed.

Don't wanna mess with me.

We are a dying breed  
laying it all on the line  
don't wanna mess with me  
Similar creatures

i am a dying breed  
laying it all on the line  
don't wanna mess with me  
at any place or time

We are a dying breed  
laying it all on the line  
don't wanna mess with me
