Another Night

(Camel)

Dark clouds before our eyes

Can't face the morning skies

Day comes a day too soon

I'm waiting for that silver moon

Maybe I'm wrong

But I'm feeling like another night

Would make it alright

Twilight is fading through

Seems like I'm fading too

How can I believe it's real

When nothing starts to stop this wheel?

Andrew Latimer: Guitar, Lead Vocals

Peter Bardens: Organ, Synthesizer

Doug Ferguson: Bass

Andy Ward: Drums
