(Latimer/Bardens)

Tell me everything

Don't be afraid to give yourself away

Sometimes, it's easier

Your fears melt away

And turn it all to moonshine

Words that rhyme

Still in your mind

Still in your mind

Play me anything

Maybe music is the only way

to tell me how you feel

Somehow, you'll find the way

And all the words to your song

Will carry on

Still in your mind

Still in your mind
